

Hansaria® Food

AGRI RISE

From farm to family

Hansaria food simplifies the supply chain by connecting farmers and traders directly with factories, removing middlemen.

we are focused on transforming the agricultural supply chain by reducing inefficiencies and ensuring better margins for farmers.

Our company is driven by a mission to empower rural commodities and create a more transparent and fair market price.

A commodity market facilitates trading in various soft commodities such as corn, wheat, oil seeds, soybeans. It may be a spot or a derivatives market subject to requirements. In spot market, Commodities are buying and selling for immediate delivery, whereas in derivatives market operates various financial instruments based on commodities are traded.

Hansaria Food deals in below mentioned commodities:

Coarse Grains, cereals, Feed Supplements, Oil seeds.

Truly International Experience:

Specializing in agricultural commodities, we strive to provide our customers with timely, Accurate information that assists them in their daily endeavors. We work to identify and explain how, logistical issues can impact various commodity values.

Largest Network:

Our team monitors, developments in the world environment, changes in world trade rules and quality standards and requirements. Our professionals have extensive experience as commercial principals, contract arbitrators, and production and processing managers. This indepth knowledge and a vast network provides a strong support to our customer relationship.

ABOUT US

Deciding “What business are we in?”, **Hansaria Food** decided to initiate **AGRI RISE PVT LTD**, a division created to meet the demands of buyers and ensure an adequate supply for those with whom we have dealt for over a decade. **AGRI RISE**, refocused from the core businesses of the past, creates and brands it as **Hansaria Food “Kanak.”**

Founder and Chairman Mr. Gopal Agarwal's interest and vision are to deliver India's best food staples like pulses, spices, grains, cereals, nuts, and processed staples with fine quality at a fair price and nationwide distribution.

Hansaria Food “Kanak” is the retail initiative of **AGRI RISE PVT LTD** and is central to the group's consumer-facing businesses. **Hansaria Food “Kanak”** Retail aims to be at the fore front of bringing about a quality food staples revolution across India in the coming years.

Hansaria Food “Kanak” is setting up pack houses across India to ensure a nationwide presence. These pack houses will process, sort, grade, and pack products before distribution, transforming raw materials into market-ready goods to ensure quality, reduce waste, and streamline the supply chain. Our motto is to set up pack houses that will act as a critical link between farms and consumers, ensuring exceptional quality, affordable prices, and optimal delivery times without any disparity between distributors and consumers.

Hansaria Food's “Kanak” is a strategic initiative where the company actively distributes its production and sourcing across multiple locations and delivers the packed materials to distributors to reduce reliance on a single source. This proactive strategy enhances resilience, agility, and customer-centricity while fostering sustainability and competitive advantage.
